BURBANK CITY DIRECTORY (1942)

895

## The City Directory . . .

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions, recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.
